Name: Karthik R
Email: karthikr@gmail.com
Phone: 9876543215

Role Applied: Software Developer

🎓 Education

- B.E. in Electronics and Communication Engineering (ECE)
- Anna University
- Graduated: 2025

💻 Skills

- C, C++
- Python (Basic)
- Data Structures (Basics)
- Embedded Systems
- Microcontrollers (Arduino)
- Problem Solving

💼 Experience

Embedded Systems Intern

- Worked on Arduino-based automation projects
- Interfaced sensors and microcontrollers
- Debugged hardware-software integration issues

📌 Projects

Smart Home Automation System

- Built using Arduino and sensors
- Automated lights and appliances
- Basic logic implemented in C

Mini Python Project – Student Manager

- Simple CRUD application using Python
- Handled file-based data storage

🎯 **Strengths**

- Strong analytical thinking
- Quick learner transitioning into software development
- Good understanding of logic and problem-solving
